2020 Summer Virtual Courses

**Story Time Craft**
Interactive class on ZOOM with a story followed by an activity, playing a game, making a project that connects to the story.

**Spanish Fun**
It's easy to learn Español, come find out for yourself. Children will learn Spanish words focusing on numbers, colors, parts of their body, family members, and greetings through engaging activities such as sing-a-longs, art, movement, fingerplays, and more. Join the fun and come learn Español with us.

**GeoFun**
Have you ever wondered what was the difference between Iceland and Greenland? Or what are the great wonders of the world? In this class children will learn about facts around the world and share their knowledge of what they know.

**Mathletes**
Come and see how fun math can be! We will explore shapes, number and pattern in lots of different ways through art, and music and many other activities.

**Scavenger Hunt**
This fun and active class will have children on the move from beginning to end. Children will have to decipher the riddle then find the clue. All objects will be basic household. Each week we will have 1 winner who will have a gameboard/puzzle mailed to their home.

**Creative Theatre**
This interactive theatre experience enriches your child's social and cognitive development. Your children will develop their social and social emotional skills through a series of fun, theatre inspired games.
